### **Presentation by Accredo subsidiary of Express Scripts**

Chris Meilinger

*The presentation was for informational purposes only.* Mr. Meilinger reported they would like to implement new barcode tech and automation (Pharmacist Verification System Validation) at their New Castle pharmacy location. Mr. Meilinger stated there have been 0 incorrect fills using their machine. Mr. Shanehsaz emphasized their process did not include a Pharmacist final check as per Regulation 15.6.2 and there was no “pilot” or waiver around the regulation. Mr. Shanehsaz expressed that since technology is subject to error, automation is used as a tool, not a replacement for Pharmacists. Ms. Kelly stated that Regulation 15.6.2 is unambiguous. Mr. Christ requested that if the Board would like to review Regulation change, it should be scheduled for another agenda as counsel had given final input on the Regulation.

### **Physician Assisant Advisory Committee**

### **Discussion of Sekyi Remand**

Ms. Kelly reported that the Judge focused on hearing officer statute in that you are unable to ask questions or converse outside of what the document presents. The Hearing Officer found that during deliberations, the board brought up outside matters that were not presented within the document. The decision was reversed and remanded back to the Board. It will go before the Board in November with the Hearing Officer’s recommendation. Ms. Kelly informed it is important to adhere to her advisory during deliberations as to stay within the parameters of the law. She also advised to maintain a neutral demeanor, make no speculations, and do not converse with or entertain audience interjections whilst deliberating. She went on to reiterate that Public Comment should await its opportunity, and for Board Members not to engage Public Comment.

Mr. Shanehsaz apologized for not adhering to Ms. Kelly's admonishments during that time.

### **BOARD CORRESPONDENCE**
